NEWS FROM WASHINGTON, D. C.

Five Items Picked Up at a Glance

Mr. Root in Russia.

The selection of Elihu Root to head the mission which we are to send to Russia brings again into the active service of the nation a statesman and a diplomatist of the first rank.

Mr. Root will go to Petrograd with a message to the new Russian Republic. It is a message of brotherhood and of co-operation and of hope and helpfulness. No American is better fitted to deliver such a message than Mr. Root. His tour of the Latin-American Republics in the time of his occupancy of the Secretaryship of State, the speeches which he then delivered and the interpretation which he then gave to the ideals and purposes of the United States and the splendid results which his visit produced are indicative of the success which will attend his stay in Russia. His colleagues in the mission are men of eminence; but they cannot touch the imagination of the leaders of New Russia as he can, and the President is to be congratulated both upon having selected Mr. Root for the task and upon having obtained his consent to undertake it. It is a good beginning, we hope, of a policy, too long deferred, of calling into the nation's service the best talent which the nation has, instead of confining all the labor, all the honor, all the credits to a single political party.

"Prepare for Peace."

We have learned, as did, to experience the folly of failing to adopt the policy: "In time of peace prepare for war." Shall we also learn by experience the need of a new slogan: "In time of war prepare for peace"? Shall the welcome arrival of peace find us with no statutory bulwarks to protect our high paid workmen from the competition that is certain to await us from the further shores of both the Atlantic and the Pacific?

Submarine Not Conquered Yet.

Putting a new ship in the water for every ship that is sunk by submarines, may not prevent starvation in England. The ship that goes down carries a cargo of food and other supplies with it. The new ship may never get across the ocean. The real solution of the submarine problem is yet to be discovered, and the man who finds it will rank with the greatest naval heroes of the world's history.

Time to End Sectionalism

From Washington comes the news that Claude Kitchin remains insistent upon assessing the cost of the war upon the business interests of the country. Perhaps, though, this is information and not news, for Kitchin has consistently advocated the levying of taxes which, as he has boasted, will have to be paid north of Masons and Dixon's Line. Hitherto he has had his way about it. Now, however, a different spirit should prevail in the raising of revenue. Money for the is not to be spent down South, nor to provide comfortable berths for deserving Democrats. It is to be spent in equipping the nation to fight and in maintaining our fighting forces in the field. This is a national problem, not a sectional or partisan one.

James S. Golden Candidate For County Attorney

I take this means of coming again before the citizens of our county in order that they may know full well the things which I stand for and the kind of a race I intend to run.

I wish to say in the outset that truly I have not the slightest ill will at any of the gentlemen who are running against me. I fail to see the reason why anyone should become so aroused in a race such as we are having to commit himself to an attack upon

some one of his opponents. I feel that we had too much of such as that in the Dark Ages. We will all be here no doubt after this race has passed in history, why not run it through clean, like courageous men, and leave the decision to the fair minded citizens of the County. I wish to say here to my friends that they need have no fear of me descending into the mud, I expect to hold their respect and good will by making a forceful clean campaign.

Barbourville Auto Owners

Did you ever stop to think Mr. Auto owner that there are rules of driving that you must observe?

It is your duty to sound your signal for every street crossing in Barbourville as you would in Louisville.

It is your duty to have your lights burning while you are driving at night.

It is your duty to take the right hand side of the street manner as that they are not easy

when you meet others.

It is your duty to watch your business in turning the corners.

It is your duty to drive your car so as to keep within the speed limit.

The traveling public must be respected as to their rights and it is up to some one to protect them and you had as well learn now as any time that you will be compelled to comply with the Automobile Law. It is dangerous to drive your car in such a

I feel that it is well known by now that I am proposing a Business Administration in the County Court. If elected I intend to know at all times just the exact condition of the county's funds and have it so arranged that any taxpayer can see for himself just where we are. The law says that it is illegal for the County Court to plunge the people of the county in debt without submitting the question to a vote of the people. If elected I shall demand as your attorney a strict and rigid enforcement of this law.

I ask all those who as yet have not settled in their minds who is the proper man for this important office to consider well the merits and preparation of each of the applicants. To my friends I wish again to say that I appreciate your loyal support, more than I have the power to express and I shall endeavor to repay you by rendering good, honest service to our debt burdened county.

Yours truly,

JAMES S. GOLDEN

controlled. There are many little children in the city who do not know better than to step off the sidewalk in front of your car and there are many who might be attempting to cross the street or may be in the street and not notice the car until it is too late to get out of the way. Now there is no one but that would be sorry to hurt a child or older persons but that is exactly what will happen if you are permitted to drive reckless.

Do not undertake to cross a street without first looking to see if any one is near in a car.

When a signal is given by the driver of a car look up it wont hurt you to look.

Parents instruct your children to pay some attention to the signals of Auto drivers.

there is something like 100 cars in use and as the town is small and the streets narrow it is extremely important to observe the rules of driving. The officers of the city have had considerable trouble in trying to get you to observe these rules of driving and hereofter they are going to compel you to keep within these rules.

HON. R. S. ROSE WHO MANY CITIZENS OF KNOX COUNTY KNOW, IS A CANDIDATE FOR THE REPUBLICAN NOMINATION FOR JUDGE OF THE 34TH.

JUDICIAL DISTRICT

Rose was reared on Little Poplar Creek in this county on a people of Knox County, Whitley County and Harlan County all re-farm. There he attended the country school and worked on the farm as a very able lawyer. Some years ago in connection with his law practice he began writing law books and has written three large law books on criminal law. He will carry Whitley County by a heavy majority. His friends claim McCreary County for him and we all know in Knox County that when the real issues are made and the fight comes on in earnest that "Dick" Rose is going to carry a very strong following as he has a very large and extensive acquaintances here and a big train of connection.

'Human Flotsam'

A clever means of attracting Charles Rieman's attention when he is on the sidewalk and she is a captive in a second-story room, is devised by Arline Pretty in "Human Flotsam," the sixth episode of Vitagraph's serial, "The Secret Kingdom." Miss Pretty ties her handkerchief in a large knot and drops it directly in front of the puzzled hero. This episode is at the Star Theatre on Monday night and it is wondered whether any woman in the audience would have been able to have made such a good throw.

FAMILY CARES.

This information may be of value to many a mother in Barbourville.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lots is far from a happy one. This condition has often been corrected by the use of Doan's Kidney Pills. When relief comes the mother's burden will be lighter and her home happier.

Mrs. Birt Catron, School St., Barbourville, says: "I consider Doan's Kidney Pills a good remedy for kidney trouble. One of the children had weak kidneys and the passages of the kidney secretions were irregular. The skin under the child's eyes was swollen and the little one complained of being tired and had dull backaches. I read of Doan's Kidney Pills and bought some from the Costellow Drug Co. They soon relieved the child of the trouble and put his kidneys in good condition."

A FAMILY MEDICINE

In Her Mother's Home, Says This
Georgia Lady, Regarding Black-
Draught. Relief From Head-
ache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Thedford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it, insist on Thedford's the original and genuine. E. 70

"The Birth of A Nation"
Coming to Middlesboro

It will be welcome news to dwellers hereabouts that D. W. Griffith's gigantic military spectacle, "The Birth of a Nation," is to be presented at the Manring Theatre, Middlesboro, exactly as it has attracted capacity audiences in Memphis, Nashville, Cincinnati, Louisville and large cities of the South. The complete D. W. Griffith touring organization, including a symphony orchestra of 25 New York musicians, is to be brought to Middlesboro, under a special guarantee arrangement with the local management for a two day's engagement beginning Monday Night, May 14th.

A matinee will be given Tuesday, May 15th, and seats, for all performances are now on sale at Lee's Drug Store, Middlesboro. The engagement of "The Birth of a Nation" is the most important theatrical event undertaken in Middlesboro in recent years and unusual precautions are being taken to insure the comfort of patrons from outside the city. The tickets sold in advance will entitle the purchasers to particular seats at the performances for which the tickets are dated, thus envelope to be used in forwarding the tickets.

The night performances, will begin at 8:15 and at the Matinee at 2:30. The prices will be Nights 50c, 75c, \$1 and \$1.50; Matinee, 50c, 75c, and \$1. The 50c seats are not reserved and cannot be bought in advance.

Owing to the limited capacity of the theatre no tickets will be laid away unless paid for. Thus protecting them against disappointment in the event of late arrival. All the reserved seat tickets are dated and good only at the performances specified.

Mail orders are now being accepted and patrons ordering seats by mail are cautioned to specify which performance they desire to attend. Mail orders must also be accompanied by remittances payable to the theatre, together with a self-addressed, stamped envelope will probably afford people in this section their final opportunity to witness "The Birth of a Nation," D. W. Griffith having announced that he will soon withdraw it from the road to eliminate competition with his new masterpiece, "Intolerance."

The Times has had its ear to the ground, and while Lay and Catron both claim Knox Co., over the other and while each of these gentlemen have a good following in the county, we believe they are both on a cold trial. We believe that when the smoke has cleared away that J. C. Bird will not be many votes behind the foremost man in Knox county, if he is any behind. Knox county voters have as fine a sense of justice and fairness as any set of people, and a large per cent of them feel that Whitley county is entitled to the Judge at this time. Knox has the Lieutenant-Governor, Congressman, Judge of the Court of Appeals, State Senator and Representative, and has had the Circuit Judge for years.

Whitley county has been standing by Knox county's candidates. Whitley polls a thousand more votes than Knox. If Whitley County was disposed to do so she could elect a Representative over Knox every time, but she has been alternating with Knox. We believe the voters of Knox county will show their appreciation of this treatment by their votes on Aug. 4th.—Corbin Times—Adv.

Hon. J. C. Bird, the live-wire candidate for Circuit Judge, was in town Saturday. Mr. Bird is not trying to WIN the race; he is seeing how BIG A MAJORITY he can roll up.—Ex.—Adv.

**Vote For
R. S. ROSE, for CIRCUIT
JUDGE**

Republican Primary, August 4th
1917

I ask your support for Circuit Judge. I have practiced law 18 years and all that time represented the laboring people and been opposed to the aristocrat, rich and powerful. I have not been a pliant tool in the hands of the big corporations to oppress the laboring man and his family. The coal miners, farmers, and laborers have been my clients. I have fought their battles for them as best I could. I have not robbed the laborers by selling at two prices, which are commissary prices, the company's goods to them. Go ask the laborers whether I have ever failed to do my full duty towards them, my clients. The widows, orphans, crippled and maimed I have stood by and fought the rich and the strong and fought the flunkies of the strong. I claim to be a lawyer and not a petty politician who tells any sort of a tale to get votes. I will enforce the law as I see it on high and low, rich and poor, big and little alike. I belong to no man nor corporation and never did. I am the sole proprietor of myself. I will do my best to judge all cases righteously. I thank you for your support.

R. S. ROSE

To My Friends and Voters of Knox County

I expect to be out in my campaign for County Court Clerk, as soon as I can get relieved from my father's bedside, who is very sick and is expected to die at any time from gan grane. It is killing him slowly by degrees. Do not think for one moment that I am not going to make the race, for I am on until elected, or defeated, on August 4, 1917.
